**LOGWIN, A LEADING GLOBAL LOGISTICS SERVICE PROVIDER,
SECURES LAST AVAILABLE LOGISTICS/WAREHOUSE SPACE IN
TISHMAN INTERNATIONAL'S SOFIA AIRPORT CENTER**

(SOFIA, BULGARIA – June 14, 2011) – Developer Tishman International Companies, a leading international commercial real estate company, has signed a lease with Logwin Solutions Bulgaria EOOD for approximately 1500 sq. m. of office and industrial space in the Logistics Center of the new business park Sofia Airport Center (SAC), located at 64 Christopher Columbus Boulevard in Sofia, Bulgaria.

Logwin is a global logistics service provider with roots dating back to 1877. A major player in worldwide transport and logistics services, with more than 5,600 employees in around 40 countries on all continents, Logwin serves a wide range of clients in industrial and commercial sectors. The business segment Solutions is the specialist for customized contract logistics solutions within the Logwin Group.

With the successful conclusion of the lease transaction, Logwin has staked its claim to office space and the one remaining warehouse unit in the Logistics Center, bringing the Center's warehouse occupancy to 100%. Logistics Building B3, where the Logwin premises are located, won the Building of the Year Award in its category in 2009.

The mixed-use SAC, developed and managed using Western European and U.S. standards, is fast becoming the premiere international business park in Bulgaria. "Logwin's selection of SAC's Logistics Center confirms the high value our tenants place on the SAC's prime location, modern amenities, high-quality construction and outstanding property management services," said Tishman Management Leasing Manager Ms. Olga Stoichkova. "The project has experienced tremendous interest from other leading global tenants because of the flexible design, which allows us to accommodate a wide range of companies."

SAC's Class A office building, developed by Tishman adjacent to the Logistics Center, will be the first commercial LEED-certified office building in Bulgaria when it achieves LEED "silver" certification. The only other LEED-certified building in Bulgaria is the U.S. Embassy in the capital city of Sofia.

The landlord was represented in the lease transaction by Olga Stoichkova, Tishman's in-house leasing manager. The tenant was represented by Ingo Schlieper, Head of Business Development and Mr. Mario Aschbacher, Head of Sales and Key Account Management - both at the Logwin business segment Solutions.
